

JMF6 A level results 2025

This morning, staff and parents were able to celebrate with students as they received their A level results. It was a pleasure to see so many happy faces as students from JMF6 (John Mason and Fitzharrys Sixth Form) achieved excellent results, taking them onto their next steps at university, in apprenticeships, or in employment.

It is a fitting reward for their hard work and application over the last two years. JMF6 students have worked superbly under the expert guidance of teachers at both schools.

Amongst the many great results and achievements were Benaiah, Isaac, and Bella. Benaiah achieved As in Maths, Physics, and Graphics and is taking a degree Apprenticeship in Civil Engineering. Isaac received A's in Biology, English, and Philosophy, and will be studying Religion, Philosophy and Ethics at Kings College, London. Bella achieved As in Fine Art, and Philosophy, alongside a B in English Literature. She will be studying History of Art at UCL. Pictured right: Benaiah, Isaac, and Bella

Jake, Lawrence, and Rio also did superbly. Laurence received 2 As and a C and is heading to Cardiff to study Chemistry with a placement year abroad. Rio achieved 3 A* grades and a B and is heading to Warwick to study Maths. Jake received 4 A* grades and is heading to Oxford University to study Maths and Statistics. Pictured right: Jake, Laurence, and Rio.

There are many other wonderful achievements from across our year 13 students. All part of another successful set of results, with outcomes for JMF6 students continuing to improve every year. 88% of students gained a place at their first-choice university.

We have seen success in a wide range of subjects, from our STEM subjects through to Fine Art, Philosophy, and Psychology, alongside many others. We are incredibly proud of what this cohort of students have achieved and wish them the very best in their next steps.

Will Speke, Headteacher Fitzharrys School
Al West, Headteacher, John Mason School
