CURRICULUM MAP

Our subject vision:

<p>Aspiration</p>	<p>Learning a language is an opportunity to experience other cultures via words. It broadens our horizons and makes us see the world through different eyes. It is also a great way to reflect on how our own language works. At Fitzharrys School, students of MFL become experts on how a language works: we want them to become lifelong learners of French and Spanish, aware that fluency is a continuous practice.</p> <p>Knowledge: In French and Spanish, we learn how to speak and write sentences and short texts. We study a variety of resources: texts, videos, songs and we use different skills: speaking, listening, reading and writing.</p> <p>Skills: Students will develop their spoken, written, listening and reading skills. They will also gain a deeper understanding of how language works by studying grammar.</p> <p>Understanding: At the end of the course, students will be able to understand a variety of written and spoken texts, have a good knowledge of pronunciation and grammar and be able to communicate effectively.</p>
<p>Opportunity</p>	<p>Within the classroom: Students will experience different ways to learn and will be exposed to a variety of resources to make the language alive. They will study topics from other subjects across the curriculum in French and Spanish. They will also be exposed to different cultural practices, such as festivals, cuisine, and art.</p> <p>Beyond the classroom: Students may participate in:</p> <ul style="list-style-type: none"> • Competitions organised by Oxford University and organisations such as the Spender Prize Trust • Workshops delivered after school on different topics • MFL Film Club • Trips to Oxford University • French exchange in collaboration with John Mason School • Letter correspondence with students from a school in France
<p>Integrity</p>	<p>Knowledge: Students will develop cultural awareness and respect towards other cultures and languages. They will develop their linguistic curiosity.</p> <p>Skills: Students will become more adaptable and more open to new experiences. They will become better listeners and be ready to live in a world where there are global opportunities.</p> <p>Understanding: They will show more empathy and respect towards others. They will develop their resilience.</p>
