

22 September 2021

Dear parents and carers,

Following the recent government announcement regarding vaccination of students, Fitzharrys school will be hosting the local NHS vaccination team on Wednesday 6th October. This will be for both Flu and Covid-19 vaccinations.

Attached is a letter from the vaccination team outlining the process for the Flu vaccination and how to register your child. Please read this carefully and follow the instructions on how to register your child. This applies to all students in year 7 through to those in year 11.

I have also attached an 'NHS Covid-19 Vaccination Parent/Carer Information Pack'. This is from the School Aged Immunisation Service (SAIS) and outlines the key information around vaccination, FAQs, and contact details if you have any queries. Please read this document carefully.

The Covid-19 vaccination applies to students in year 8 through to those in year 11. We will be in contact about how to register your child for the Covid-19 vaccination in due course.

Our role in this process is to contact you as the parents/carers of eligible students, share with you the information from the SAIS, and to provide the space and time within school to enable vaccinations to take place. Any specific queries about the vaccination process beyond these areas should be directed to the SAIS team. Their details are outlined in the information pack.

Yours sincerely,

Will Speke
Head of School
