

Fitzharrys GCSE results 2023

Staff, parents, and governors are incredibly proud of the Fitzharrys students who collected their GCSE results today.

Yet again Fitzharrys students have done brilliantly under the expert guidance and support of staff at the school.

This morning we said congratulations to students as they picked up their envelopes and celebrated with friends, family, and staff.

Amongst many fantastic achievements Izzy received ten grade 9s and two grade 8s, Jack also did superbly with four grade 9s, two grade 8s, and four grade 7s. Hannah, Isaac, Alice, and Charlie all received at least nine GCSE grade 9-7. These students will join most of the year group in continuing their studies in September at JMF6 Abingdon.

There have been many other wonderful results for this cohort of students. We are proud of all of them and their achievements and wish them well in their next steps as they move into sixth form, apprenticeships, and other post 16 education.

In a year where the national picture is of changing boundaries and falling pass rates, Fitzharrys students have done superbly. It has been a pleasure to celebrate with them and we wish them all the very best for their exciting next steps.

Will Speke, Headteacher
