Valuable items should not be brought into school, and we would discourage students from bringing in expensive electronic devices; Fitzharrys cannot accept responsibility for any belongings that are damaged or go missing. On unavoidable occasions, valuable items or large sums of money brought into school must never be left unguarded in coats or bags; instead, they should be passed directly to Reception at the start of the day for safekeeping.

Locker Hire

Students can use school lockers to safely store belongings. They are available to hire for £25 for a

student's school career. To organise this, parents can pay for locker hire via their ParentMail accounts, once parent logins have been set up in September. £2.50 will be paid on return of the locker key at the end of Year 11. Refunds are available if students leave Fitzharrys School before this time.

Mobile Phones

Fitzharrys School appreciates that parents and carers may wish their child to carry a mobile phone to allow for contact on the way to and home from school, and for reasons of personal safety. As a school, we do not take responsibility for phones or other electronic devices brought onto site.

We have a clear and enforced policy to manage students' use of mobile phones. Phones are not permitted for use in school unless students have specific permission from a member of staff. The approach of 'See it, hear it, lose it' is used. If phones are seen out, they will be confiscated, with escalating consequences if caught more than once. Fitzharrys' regulated approach encourages a focus on learning, socialising, and reducing screen time. In support of this, we politely request that any parent or carer who needs to get a message to their child during the school day should please do so by contacting the school.
